Conference Overview

MESSAGE FROM THE CONFERENCE COMMITTEE,

Following the great success of the first introductory chapter of CJM, it was a privilege and a thrill to organize the 2nd Complex Joint Management Conference & Exhibition (2nd CJM). The conference was held on the 21st & 22nd of May 2022 in Mohammed Bin Rashid University of Medicine and Health Sciences (MBRU), Dubai – United Arab Emirates.

Endorsed by

Kuwait Orthopaedic Society

Orthopaedic Society of Oman

Société Algérienne De Chirurgie Du Genou De La Hanche Et Arthroscopie

Iranian Orthopaedic Association

Jordanian Group of Sport Injuries and Arthroscopic Surgeries

The conference was saturated with an exceptional group of high-profile speakers and world-leading orthopaedic specialists from around the globe. These speakers and panellists' thrilling lectures curated a rich scientific program which in turn ensured a high number of engaged attendees.

The 2nd CJM implemented and set-up multiple platforms serving as diversified sources of education. These platforms took shape in panel discussions, refresher courses, cadaveric workshops and industry symposia.

Amongst the attendees, the conference was an exceptional networking and knowledge-exchange opportunity. Topics such as sport medicine, joint replacement and orthopaedic surgery practises were some of the more popular talking points in the social circles of attendees. Such gathering of experts under the conference's roof ensured an unmatched networking opportunity for all attendees.

We would like to express our sincere appreciation to all participants, sponsors, exhibitors, supporting organizations and committee members who made this conference a success.

Finally, we would like to invite you to join us for next year's edition of the CJM on the 20th and 21st of May 2023.

Sincerely,

Dr. Saeed Al Thani

Past-President Emirates Orthopaedic Society
Consultant in Orthopedic, Arthroscopy & Sport Medicine & Joint, Reconstruction
Chairperson Education Commission, AO Trauma Education Commission
Mediclinic City Hospital & Orthocure SportsMed Clinic
Dubai, UAE

Sessions

The conference concluded with participation from **10 countries** and a total of **292 attendees** registered.

The scientific program offered **7 sessions**, **20 lecture topics** including **8 panel case discussions**, **2 industry Symposia** and a **2 day cadaveric workshop** given by **28 faculty** members from **9 countries** who contributed during the 2 day program.

The conference also received support and collaboration from **7 sponsoring and exhibiting companies** as well as endorsement from **5 societies and associations**.

Program Highlights

Conference Learning Objectives:

- » Obtain critical updates on new technology, products and procedures.
- » Network with orthopaedic physicians and experts from across the country and around the world.
- » Evaluate a range of state-of-the-art products for clinical use.
- » Promote orthopaedic knowledge of new specialty areas and related fields.
- » Coverage of basic orthopaedic medicine practices to new practitioners.

The 2-day conference targeted participation from the following areas of practice:

- » Orthopaedic Surgeons
- » Sports Medicine Doctors
- » Trauma Surgeons
- » Physiotherapists
- » General Practitioners
- » Nurses
- » Medical Students
- » Orthopaedic residents

The conference envisioned the following benefits for the participants through this program:

- » Earn 12 CME hours by the Dubai Health Authority (DHA).
- » Meet & learn from an outstanding group of high-profile international speakers covering a wide range of exciting topics in the latest researches & updates on rapid developments occurring in the field of orthopaedic medicine.
- » Discover the latest technologies in the field and their applications.
- » Network, meet and build relationships with your peers and colleagues.
- » Participate in various comprehensive informative sessions.

Event Venue & Accommodation

Conference Venue

Mohammed Bin Rashid University of Medicine and Health Sciences (MBRU), Dubai – United Arab Emirates.

MBRU a global hub for innovative healthcare education and research, is strategically located in the heart of Dubai Healthcare City, it aims to be nationally responsive and globally connected by providing access to facilities that are dedicated to connecting individuals and communities through state of the art teaching facilities.

MBRU is home to UAE's largest medical simulation centre, surgical skills laboratory, design laboratory, auditorium and a number of lecture halls for teaching.

Conference Inauguration & Opening Ceremony

As the **2nd Complex Joint Management Conference & Exhibition** was honoured by the participation of the American Academy of Orthopaedic Surgeons (AAOS), the opening ceremony of the conference was attended by the following guests of honour representing the AAOS:

Dr. Daniel K. Guy
MD, FAAOS (GA)
Immediate Past President AAOS
Orthopedic surgeon in LaGrange
Georgia, USA

Dr. William J. Maloney
MD, Boswell Prof. of Orthopaedic Surgery &
Chair of the Dept. of Orthopaedic Surgery
Stanford University
Stanford, USA

The inaugural Speech was delivered by the chairman of the conference **Dr. Saeed Al Thani**. During which, the chairman welcomed the attendees to the 2nd CJM and expressed his excitement about kicking off a conference of this calibre. Emphasizing the conference's function in education and networking, while encouraging attendees to participate during the panel discussion segments and make the most of what the conference has to offer.

Dr. Saeed Al Thani
Past-President Emirates Orthopaedic Society
Consultant in Orthopedic, Arthroscopy & Sport Medicine & Joint, Reconstruction
Chairperson Education Commission, AO Trauma Education Commission
Mediclinic City Hospital & Orthocure SportsMed Clinic
Dubai, UAE

Following the inaugural speech, guest of honour, **Dr. Daniel K. Guy**, took the podium for a speech that expressed his enthusiasm for being a part of the 2nd CJM and praised the conference's role as a platform for learning and a catalyst for skill development. **Dr. Guy** also addressed the AAOS' role in the field of orthopaedic and encouraged further international collaboration in the field.

Lastly, the opening ceremony was concluded with the inauguration of the Exhibition Area by the guests of honour and the conference committee.

Accreditation

CME/CPD Accreditation

The 2nd Complex Joint Management Conference & Exhibition was accredited with

Credit Hours by the Dubai Health Authority (DHA)

Scientific Program

The conference program began on **21 May 2022** for two days. The program was conducted in **1** main hall and **1** cadaveric laboratory over the course of the 2-day conference.

Following Topics were the highlights of the conference:

- » Knee ACL surgery
- » Principles of ACL surgery
- » Live knee surgery
- » ACL reconstruction
- » Meniscal repair
- » Meniscal transplant
- » Osteochondral defect
- » Complex ACL ligament management
- » Arthroscopic bankart
- » Laterjet stabilization
- » Complex shoulder management
- » Unicondylar knee replacement
- » Robotic assisted total knee replacement
- » Complex revision knee replacement
- » Shoulder replacement
- » Rotator cuff repair
- » Principles in shoulder replacement

Panel Discussions

In an effort to maximize attendees' educational returns, as the main component of the 2nd CJM, the conference facilitated 8 panel discussions throughout the scientific program.

At its core, the panel discussions consisted of an assembly of the leading orthopaedic surgeons and specialists from across the globe. The panels evaluated and diagnosed various real-life cases of orthopaedic patients as well as discussed, in detail, the most suitable treatment method for each individual case.

Discussions were extended to the attendees to contribute and offer feedback on their perspective on the various cases. This direct communication with the faculty increased the participation of the attendees and, in turn, expanded their knowledge on various cases and situations related to treatment and diagnosis.

Scientific Program

Cadaveric Workshop and Live Surgeries

As the second main component of the 2nd CJM, taking place in the cadaveric laboratory of MBRU, the conference facilitated a shoulder workshop on the first day of the conference and knee workshop of the second day. These workshops consisted of dissection and surgery presentations on multiple knee and shoulder cadavers.

Performed by a faculty of experts, the workshops facilitated more than 50 attendees over the course of the 2 day program. As an added benefit, a portion of these presentations and demonstrations were live-streamed in real-time to the main hall of the conference for all attendees to benefit from.

Further availing the availability of live-streams, the scientific program also included 10 surgeries live-streamed with commentary from across the world. During which, attendees would get a real-time, in-depth perspective on performing various knee and shoulder surgeries.

Industry Symposiums

There were 2 Industry Symposiums as follows:

Day 1: Industry Symposiums:

Symposium Title: Meniscus Repair Customized Treatment: From simple to Complex Cases

Speaker: Philippe Landreau

Day 2: Industry Symposiums:

Recon Solutions: Revision Total Knee Arthroplasty

Speaker: Saeed Al Thani

Scientific Program

Day 1

Saturday, 21 May 2022
